Turner Facilities Managements Joint Venture with AMEC, AMEC Turner Ltd., won the first Regional Prime Contract awarded by the Ministry of Defence in 2003.

Regional Prime Scotland, which has a value in excess of £460 Million, provides both Facility Management and Construction services across the Ministry of Defence Estate throughout Scotland over a seven year period.

AMEC Turner works in collaboration with the Ministry of Defence Integrated Project Team to improve the condition of the estate, using economies of scale, whole-life performance, value engineering and continuous improvement to achieve significantly better value for money.

In addition, the work undertaken throughout Scotland provides valuable experience and is a vital part of the re-shaping of the way Ministry of Defence conducts its Estate Management business in future.

Professional Services:

- Design Service
- Energy Surveys
- Space Planning
- Feasibility Studies
- Building Surveying
- H & S Advice
